

Oregon Coast Community College
Nurse Assistant Level 1 Training Program (NUR101)
Application Packet – Summer Term 2019
Due by 5/31/2019

Program Description

The Oregon Coast Community College Nurse Assistant Training Program (NUR101) is an eight (8) credit: **174-hour** course fulfilling the Oregon State Board of Nursing requirements for certification as a nursing assistant. The lecture portion of this course is taught on-line through independent study. It takes **53** or more hours to complete. Students spend **42** hours in the skills lab and **76** hours in a licensed health care facility gaining hands-on clinical experience. Students will learn basic bedside nursing skills, basic restorative skills, mental health and social service needs, personal care skills, and knowledge of client rights. Students will learn the knowledge and skills necessary to care for patients in long-term care and acute care facilities. This course requires both time and a “personal caring” commitment from the students. Students must also be able to meet physical requirements, engage in therapeutic communication, and deal with stressful interpersonal situations. Acceptance into this program also requires enrollment into a **three-hour orientation course**.

At the completion of the course, the student must apply to the Oregon State Board of Nursing (OSBN) to be eligible to take the certification exam and become certified as a Nursing Assistant.

Course Description: Introduces foundational knowledge and skills necessary to deliver routine patient care to residents of long-term care and other care facilities. Covers personal care nursing skills, restorative services, mental health services, social needs and patient rights. Includes an introduction to anatomy and physiology. This course meets the Oregon State Board of Nursing requirements for eligibility to apply for Nursing Assistant Level 1 certification.

Intended Outcomes for the course

1. Utilize appropriate infection control measures while providing patient care, including hand hygiene, disposal of contaminated articles, and hazardous wastes.
2. Utilize proper body mechanics and safety transfer to prevent injury to self and client.
3. Implement basic principles of personal care, including bathing, hair care, dressing/undressing, oral care, shaving and nail care.

4. Utilize basic communication and interpersonal skills with patients as well as staff members, family members, and other health care team members.
5. Provide safe and effective patient care to include meeting basic needs, personal care, restorative services, mental health services, social needs and patient rights.
6. Distinguish between personal and professional values and legal/ethical responsibilities in practice.

Course Activities and Design

1. Lecture: online skills modules
2. Skills practice lab with patient scenario simulation
3. Clinical practice
4. Clinical post-conference

Eligibility & General Information

Complete applications are required by the deadline, including the immunizations (with the exception of the Hepatitis B series), CPR, Background Check, and Drug Screening. Early, partial applications will be accepted but students will only receive conditional acceptance into the program until all components of the application are submitted.

If your application is accepted, you will be notified to begin the criminal background and drug screening process through American Databank/Complio (link on the Oregon Coast Community College website). This process must begin within 72 hours after notification by the department administrative assistant.

Nursing Assistant Program

B. Fees, tuition, and other Program Requirements

Students are responsible for completing required immunizations, criminal background check and drug screen prior to the application deadline, otherwise they will not be allowed to continue in the program. The cost of the background checks and drug screen is approximately \$119.00. Cost of immunizations is dependent on the individual's immunization history.

Steps to providing current Immunization documentation:

- Your parent or guardian may have a copy of your childhood records
- Contact the most recent school you have attended
- Contact your medical provider

If none of these suggestions provide the information you need, schedule an appointment at:

Lincoln Community Health Center FQHC

1010 Coast Highway 101, Newport OR 97365 Office: 541-265-4947

They will be able to access the ALERT IIS system and provide required immunizations at a reduced cost.

Students are also required to have current CPR certification through the American Heart Association "Health Care Provider: BLS: Basic Life Support".

D. Registration, Credits Earned, Cancellation and Refund policy:

Oregon Coast Community College will award 8 credits upon successful completion of the Nursing Assistant Training Program: NUR 101

- After you have been accepted into the Nursing Assistant Training Program you will be required to register for the course through your myOCCC account. Students who have not taken classes at OCCC will need to apply to OCCC via the website. This is where you will receive your student ID# and set up your OCCC email account.
- Students will be dropped for nonpayment on the Thursday prior to the start of term.
- Students may change their schedule by adding, dropping or withdrawing from classes. To make a change for a face-to-face course, students should login to their myOCCC and choose "Register for Classes" from the student resources menu.
- If the student chooses not to complete the course, an official "drop" must be completed through the Sharknet student registration system @ Classes dropped prior to Friday of the first week of classes will be removed from a myOCCC student's schedule. After the first week of classes, students may withdraw from course(s). A grade of "W" will appear on a student's report card.
- If the student does not drop the course he/she will receive an "F" grade in NUR 101. Failure to drop a class could impact future financial aid. Please follow the deadline dates to drop a class so that it does not affect your standing at the college:

These requirements are in place for the health and safety of students, faculty and their patients.

By contract with your academic institution, all students and faculty participating in patient care experiences must meet the following health and safety requirements. The academic institution is responsible for ensuring that requirements have been met **prior** to participation in patient care/clinical experience. Records will be kept at the academic institution and random review by the clinical affiliates will occur on a regular basis. *Documentation must meet requirements at all times.* Required immunizations must include mm/dd/yyyy if available.

If you obtained your vaccine through an Oregon Public Health Department or through a school district in Oregon, after 1980 then you are probably in the ALERT system that is maintained by Public Health. Please call or visit your local Public Health Department as they may help you in obtaining the needed documentation.
