

Degree Partnership Program with Oregon State University

The Degree Partnership Program (DPP) allows students to be “co-enrolled” or considered an active student at OSU and a community college at the same time. The advantage of DPP is that it allows students to take advantage of what both schools have to offer:

- Students can combine classes together from both OSU and the partner community college to have full time enrollment for Financial Aid and Veteran/Military Benefit purposes.
- 100 and 200 level classes are less expensive at Oregon Coast Community College
- Students using DPP to transfer in to OSU can have early access to advising resources such as MyDegrees and their OSU advisors.
- Students in DPP can also access services such as scholarships, tutoring, Disability Services, and more at both campuses.

For more information on requirements, application deadlines, and application instructions, please go to <http://partnerships.oregonstate.edu/future-transfer-students> for more information.
